FIRST AMENDMENT TO CONSTRUCTION MANAGEMENT AGREEMENT

ESTABLISHING GMP FOR INITIAL RELEASE OF SITEWORK

This Amendment No. 1 to the Construction Management at Risk Agreement is dated April 27, 2017, and is entered into by and between the Alexandria City School Board ("ACSB"), located at 1340 Braddock Place, Alexandria, VA 22314, the City of Alexandria (the "City") and KELLER BROTHERS, INC. ("Construction Manager"), a Maryland Corporation duly organized under the laws of Maryland, with a place of business at 1012 Rising Ridge Road, Mount Airy, MD 21771.

WHEREAS, the Owner and Construction Manager entered into a Construction Management at Risk Agreement ("Agreement") on July 8, 2016 with respect to the construction of a new PRE K-8 School and Recreation Center to replace the existing K-5 Patrick Henry Elementary School and Recreation Renter ("Project"); and

WHEREAS, capitalized terms not otherwise defined in this First Amendment shall have the same meaning as set forth in the Agreement; and

WHEREAS, Parties desire to commence construction of the Project civil/site work and preparation of a building pad prior to accepting or authorizing a GMP Proposal for the entire project;

NOW, THEREFORE, in consideration of the mutual covenants and agreements set forth herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Agreement is amended as follows:

ARTICLE 1 SCOPE OF WORK

- 1.1.1 The Project is contemplated to occur in three phases as follows per the Contract Documents:
 - **Phase 1** Initial civil and site work as required to prepare a suitable building pad for Phase 2 to begin. Work includes site demolition, erosion and sediment controls, support of excavation and retaining walls along the proposed new bus loop, and initial utilities work.
 - Phase 2 Construction of the new buildings foundation, superstructure, envelope and finishes and selective sitework to include the new bus loop off Latham Street (inclusive of BMP #1) and stormwater management facility #1 (SWM #1).
 - **Phase 3** Final requirements to complete the project. Work includes abatement and demolition of the existing buildings and parking lot, construction of the playgrounds and athletic fields, and construction of the new parking lot and final

utility connections, inclusive of stormwater management facility #2 (SWM #2) and other surface stormwater BMP's.

1.2 The Initial Release Scope of Work, (the "Initial Release Work") shall consist of the work required in <u>all</u> phases of the project by those trades which are required to mobilize to complete Phase 1 of the project. Such trades shall include:

Support of excavation
Site electrical work (for incoming services only)
Site demolition
Earthwork, site preparation, and clearing
Sediment and erosion controls and tree protection
Stone-Strong retaining walls and associated fencing
Sheeting and shoring
Site utilities (water, sanitary sewer, and stormwater management)
Subdrainge for athletic playing field

In addition, the Initial Release Work shall include all <u>temporary</u> civil and site work measures (ie: paving, striping, curb & gutter, etc.) as required to carry out the various logistical needs of the Project to complete the multiple phases in compliance with the Contract Documents.

The following site-related trades are therefore <u>excluded</u> from the Initial Release Work as such trades are not required to mobilize until Phases 2 and 3 of the project:

Final paving, striping, and site signage Final site concrete and curb and gutter Cast in place retaining walls Athletic playing fields Playground equipment and surfacing Landscaping

1.3 The Initial Release Work shall be performed in accordance with the Agreement, this First Amendment and the other Contract Documents listed as Exhibits 1 through 5 below, which are hereby incorporated into and made a part of the First Amendment by this reference:

Exhibit No.	Description	Pages	Date
1	List of Drawings and Specifications	6-13	4/21/17
2	Schedule of Values	14-23	4/21/17
3	Completion Schedule	24-30	4/21/17
4	Assumptions & Clarifications	31-33	4/21/17

Exhibit 4, Assumptions & Clarifications, shall take precedence over other Contract Documents as they further clarify the Work.

ARTICLE 2

GUARANTEED MAXIMUM PRICE

- 2.1.1 For the Construction Manager's proper and full performance of the Initial Release Work, the Owner shall pay the Construction Manager \$6,600,987 (the "Construction Price"). The Construction Price is the Cost of the Work as defined in Section 8.3 of the Agreement plus the Construction Manager's fee for providing the Construction Phase Services (the "Construction Fee").
- 2.1.2 The Construction Fee for the Initial Release Work is hereby established as a lump sum amount of \$205,465.
- 2.1.3 Consistent with Section 8.2 of the Agreement, the Construction Manager guarantees that the Construction Price for the Initial Release Work shall not exceed the "Guaranteed Maximum Price" or "GMP" as it may be amended from time to time in accordance with the Agreement. To the extent that Cost of the Work plus the Construction Fee exceeds the GMP, the Construction Manager shall bear such costs and amounts in excess of the GMP without reimbursement or additional compensation from the Owner.

ARTICLE 3

CONTRACT TIME AND DAMAGES

3.1.1 The Initial Release Work shall be completed per the milestones set forth in Exhibit 5. Should Construction Manager fail to substantially complete the work within the required period of time, Owner shall be entitled to assess as liquidated damages, but not as a penalty, consistent with Section 10.5 of the Agreement, in the amount as indicated in Exhibit 5.

ARTICLE 4

MISCELLANEOUS

- 4.1.1 Consistent with Section 4.6 of the Agreement, if Owner and Construction Manager are unable to agree upon the GMP for the balance of the Project or the specific language of the GMP Amendment for the balance of the Project, then the Agreement will be terminated for convenience and the owner will only be obligated to pay the Construction Manager as follows:
- 4.1.2 The Construction Manger shall only be entitled to the Preconstruction Fee the Construction Manager has earned in accordance with Article 7 of the Agreement.

- 4.1.3 The Construction Manger shall only be entitled to the Construction Phase Services in accordance with Section 14.3.3 of the Agreement.
- 4.1.4 With respect to Section 8.9.12 of the Agreement, the Parties agree that there shall no intermediate release of retainage monies on a per-Phase basis and that retainage shall be released per the terms of Section 8.9.12 once all work performed under this Amendment is determined to be Substantially Complete.
- 4.1.5 With respect to Section 13.2 of the Agreement, the Parties agree that the one-year Repair Period for all work performed under this agreement, regardless of under which Phase it occurs, will not begin until the Phase 3 work is determined to be Substantially Complete.
- 4.1.6 Except as expressly modified herein, the terms and conditions of the Agreement remain unchanged. In the event of a conflict between the terms of this First Amendment and those of the Agreement, Owner and Construction Manager agree that the terms of this Amendment shall prevail and control. To the extent the Owner and Construction Manager are able to agree upon the GMP for the balance of the Project, the Parties intend to incorporate the entire scope of Project Work into a subsequent amendment to the Construction Management Agreement which, by its terms, will supersede this First Amendment.
- The Parties agree that in addition to the Construction Contingency defined under Section 4.11 of the Agreement, this GMP Amendment will include an Owner Contingency which shall be used to fund increases to the scope of work resulting from owner-desired upgrades or changes required by the local authorities having jurisdiction during the final review stages of the City's Development Special Use Permit (DSUP) process which otherwise would have resulted in a Change Order to the Construction Manager. Use of the Owner Contingency shall be effectuated on a case by case basis by Owner transferring funds from the Design and Permit Review Contingency to the line item(s) in the Schedule of Values that corresponds to the Cost of the Work that is being funded from the Owner Contingency. Once funds have been transferred in this manner, the Construction Manager can bill against them as provided in Article 8 hereof. When the Construction Manager would like funds from the Owner Contingency to be used for a Cost of the Work, it shall submit a written transfer request to Owner identifying the amount requested, the Cost of the Work for which the funds are being requested, and the line item(s) in the Schedule of Values to which the requested amount should be transferred. All such requests shall be accompanied by a transaction summary of all previous transfers from the Owner Contingency, all pending transfer requests, and the Owner Contingency balance prior to the request. Owner shall reasonably consider all such requests from the Construction Manager, and if Owner denies such a request, it shall explain why.

4.1.8 For the purposes of this Amendment, the Parties agree that there shall be no share of any Savings as defined in Section 8.12 of the Agreement and that all Savings as defined in the Agreement shall be returned to the Owner.

in WITNESS WHEREOF, the Owner and Construction Manager have caused this First Amendment to be executed by their duly authorized representatives.

First Amendment to be executed by their duly a	uthorized representatives.

INVITATION TO BID

Patrick Henry PreK – 8 School and Recreation Center Project 4643 Taney Avenue Alexandria, Virginia

DESCRIPTION

Keller Construction Management is requesting bids for the Early Site Partial Release construction of Patrick Henry PreK-8 School and Recreation Center. The Final Development Special Use Permit (DSUP) drawings and specifications are available on our FTP site per the link below. The project consists of the construction of a new, 155,000 SF school and recreation facility, subsequent demolition of the old school and rec center, and extensive site improvements. The existing school and rec center share the same site and will remain occupied, in-use during construction of the new facilities. Keller Construction Management is the Construction Manager at-Risk (CMr), on behalf of Alexandria City Public Schools (ACPS) and the City of Alexandria Recreation, Parks, & Cultural Activities (RPCA).

HOW TO OBTAIN BID DOCUMENTS

Bid documents may be obtained from the Construction Manager's FTP link below:

Patrick Henry Project Bid Documents: https://app.box.com/s/v4zluehct6setj7ek6r0lsvsll0vdrod

EARLY SITE BID PACKAGES

Lump sum bids for the listed private bid packages will be received until **4:00pm** (local time) on **April 13th, 2017** by Keller Construction Management, 1012 Rising Ridge Road, Mt. Airy, MD 21771, Phone: (301) 607–8575, Email: dtremblay@kellercm.com, Contact: David Tremblay.

02A - Earthwork

02C - Earthwork and Materials Testing

02U - Utilities

02J - Block Retaining Walls

02B - Field Engineering

02K - Sheeting & Shoring

ALL REMAINING BID PACKAGES WILL BE BID AT A LATER DATE, ESTIMATED TO BE JUNE 2017.

PRE-BID MEETING

A pre-bid meeting will be held on <u>April 5th, 2017</u> at 1:00pm (local time) at the Patrick Henry PreK-8 School and Recreation Center located at 4643 Taney Avenue, Alexandria, Virginia 22304. Pre-bid meeting attendance is strongly encouraged, but not mandatory.

PRE-BID QUESTIONS

The deadline for pre-bid questions, RFIs is <u>April 6th, 2017</u> at 4:00pm. Answers will be issued to all bidders via Addendum. Send all questions via Email: <u>dtremblay@kellercm.com</u>, Contact: David Tremblay.

ADDITIONAL INFORMATION

Instructions pertaining to the bid bond, performance, and materials payment bond requirements are set forth in Section 00200, "Instructions to Bidders," and compliance with same shall be the responsibility of the Contractor submitting the bid.

The conditions contained in this Notice to Contractors, by their issuance, become a part of the Contract requirements.

ACPS reserves the right to accept any of the bids for Alternate work submitted, and may accept Alternates in any order or combination, unless specifically provided in the Contract Documents.

The Board of Education reserves the right to waive any informalities or immaterial deviations in the bids, or to reject, any or all bids.

ADDENDUM NO. 1

EARLY SITE PARTIAL RELEASE

APRIL 10, 2017

Patrick Henry PreK – 8 School and Recreation Center Project 4643 Taney Avenue Alexandria, Virginia

GENERAL:

Planholders are requested to attach this Addendum to the inside front cover of each Project Manual. Inform all concerned that the Bidding Documents are modified by this Addendum.

Receipt of this Addendum must be acknowledged on the Bid Form.

The following modifications and clarifications are hereby made a part of the Bidding Documents and supersede or otherwise modify the provisions of the published *Project Manual* and *Drawings*, dated January 27, 2017 (Civil drawings dated 12/19/2016 with Partial Release revisions dated 3/27/17).

Refer to the Drawings and Specification Sections, if any, attached to this Addendum, which are hereby made a part of this Addendum.

ANNOUNCEMENTS:

- 1. The 02J Block Retaining Walls bid package is being withdrawn at this time and will be bid separately upon receipt of the P.E.-stamped delegated design shop drawings. Revised bid announcement expected the week of April 17.
- 2. The 02K Sheeting & Shoring bid package was previously awarded and the information herein is simply for reference.
- The CAD files Civil-Base and Ex-Survey are being provided as REFERENCE ONLY and bidders must sign and return the attached Electronic CAD Request Forms.

MODIFICATIONS TO THE SPECIFICATIONS:

- 1. Added 00300 Bid Form including Alternates and Unit Prices
- 2. Added 00600 Bond Forms
- 3. Add the following paragraph 1) to Scope 00990-02U 2.c.
 - c. The 2U Utilities Trade Contractor will furnish and install all site utilities shown on the civil, mechanical, plumbing, and electrical drawings unless specifically excluded in this scope of work, including all street taps to existing mains and all "off-site" utility work.
 - 1) ¹Virginia American Water will perform all "off-site" waterline installs from the street taps to existing mains and extending new waterlines to the property line. This work will be paid for by the Owner. The 2U Utilities Trade Contractor shall assist the Construction Manager and Owner with the onsite Coordination for the Utility Companies work with regards to the 2U Utilities Trade Contractors scope of work, and existing school activities.

MODIFICATIONS TO THE CONTRACT DRAWINGS:

- 1. Updated sheet index for C-4.01.10 to be part of partial release C-0.00.01
- Added water drinking fountain & jug filler notation C-3,05,01
- 3. Changed waterline to 1.5" C-3.05.01 & C-3.05.02
- 4. Changed quick-coupler spacing to 125' max C-3,05,02
- 5. Removed water fountain & associated sanitary piping C-3.05.02
- 6. Sheet now part of partial release C-4.01.10

ATTACHMENTS:

1. SPECIFICATION SECTIONS:

EXHIBIT 4 ASSUMPTIONS AND CLARIFICATIONS

TABLE of COMPLETION DATES and MILESTONE DATES For PATRICK HENRY PROJECT

The following list of activities, events and dates for the Patrick Henry Project include Milestone Dates, Substantial Completion Dates, and Final Completion Dates that are incorporated into the Contract Documents and may only be amended in strict accordance with the Contract Documents. It is expressly understood that the following Milestone Dates, Substantial Completion Dates, and Final Completion Dates are expressly conditioned upon the issuance of the Development Special Use Permit ("DSUP") for the Patrick Henry Project on or before May 10, 2017. In the event the DSUP Permit is issued after May 10, 2017, these Milestone Dates, Substantial Completion Dates, and Final Completion Dates shall be extended by the same number of calendar days that the DSUP Permit is issued after May 10, 2017.

Work Performed Under Initial Release Work

Phase 1 Work

- 1. Milestone Date: Notice to Proceed May 10, 2017
- 2. Milestone Date: DSUP Partial Release of Site Plan May 10, 2017
- 3. Milestone Date: Site Mobilization June 1, 2017
- 4. Milestone Date: Protection of Site June 30, 2017
- 5. Substantial Completion Date: Stone-Strong Retaining Walls September 30, 2017
- 6. Substantial Completion Date: Building Pad Completed, Accessible, and Accepted for Phase 2 Construction of Building and Permanent Latham Street Bus Loop to Begin September 30, 2017 (L/D = \$500/day per Section 10.5(a))

Phase 2 Work

7. Substantial Completion Date: Installation of temporary improvements as required for safe occupancy and operations of new school building – December 10, 2018 (L/D = \$500/day per Section 10.5(a))

Phase 3 Work

8. Substantial Completion Date: Completion of all site utilities and stormwater management facilities and removal of temporary measures – June 10, 2019 (L/D = \$500/day per Section 10.5(a))

<u>NOTE</u>: Intermediate milestone and substantial completion dates listed in the Agreement which are not listed in this Exhibit will be re-visited and established under a separate GMP Amendment for the entire project.
