Please note that data collection has changed between 2017-2018 and 2018-2019. Previously, a “contact” was counted only when parents, ACPS staff members or members of the Alexandria Community contacted PRC staff directly, in-person, or via email or phone, as specified by data collection norms established by the Virginia DOE. However, this changed in the 2018-2019 school year, so that a “contact” also includes instances where PRC staff members initiate contact to parents, staff and members of the community. Consequently, numbers of contacts may be significantly larger, reflecting this change.
