TWC Updates:

- Both the TWC's Health Educator and second Nurse Practitioner resigned in December and February respectively. Four clinicians have worked beyond their own work hours to help at the TWC so that more teens could be seen. They are covering 20-hours per week.
- Recruit for the Nurse Practitioner has been posted. We expect to interview in early June and hire someone to start sometime in July.
- Recruit for the Health Educator is being evaluated and will probably not be posted until June or July. We still hope to have someone on board by the beginning of the school year in September.
- We are starting sports physicals next week and will continue through June.
- Total # LARC's inserted 2018-137, YTD 46 (on track). Total # STI's diagnosed/treated 2018-93, YTD 23 (down from last year).
