**TO:** The Honorable Ramee Gentry, Chair, and Members of the Alexandria City School Board  
**TOPIC:** Staff Response to School Health Advisory Board 2017-18 End of Year Report

The Department of Student Services, Alternative Programs and Equity completed a successful year of partnership with the School Health Advisory Board (SHAB). The group convened throughout the year and had consistent membership, including the addition of new members, with regular representation from parents, ACPS staff and community stakeholders. SHAB's activities for the school year provided support and oversight to the ACPS Strategic Plan Goal 5 of Health and Wellness by promoting efforts to enable students to be healthy and ready to learn.

ACPS staff thanks the members of SHAB, including SHAB Chair Charles Sumpter, for their commitment to the work.

We look forward to the continued partnership to address the wellness needs specified in ACPS 2020, the Alexandria City's Children Youth Master Plan, and the development of the new ACPS Strategic Plan.
